

Roles & responsibilities matrix

Who does what in a Guzman-supplied data center structure. Power flows from Guzman Energy through the G&T cooperative and the distribution cooperative to the data center; payment flows back the other way. Roles are assigned per agreement and tailored to the utility and the load.

			 Guzman Energy WHOLESALE PROVIDER · MARKET PARTICIPANT (SUPPLY)	 G&T cooperative WHOLESALE PROVIDER TO DISTRIBUTION CO-OP	 Distribution cooperative RETAIL PROVIDER TO THE DATA CENTER	 Data center RETAIL CUSTOMER OF THE DISTRIBUTION CO-OP
